// PROFILE

Designer-turned-developer with 7+ years in visual/product design and 2+ years building front-end and full-stack products with React, Next.js, Vue 3, and TypeScript. Most recently, I was the design half of a product/engineering team at Basalam, one of Iran's largest e-commerce marketplaces. I'm looking for a front-end or UI engineering role where I can combine my design and engineering experience to build thoughtful, high-quality user interfaces.

01 EXPERIENCE
